Q Acoustics Concept 20 Bookshelf Speakers-New

SGD\$750.00 SGD\$699.00
You Save: SGD\$51.00

The beautifully finished, compact and eminently affordable Concept 20 loudspeaker is designed for music lovers who wish to enjoy performances at their very highest quality.

The Concept 20 changes everything. Their revolutionary *“Gelcore™ Construction”* incorporated into their design means, for the very first time, music lovers can enjoy genuine *“high end”* sonic performance at a very affordable price.

The astonishing ability of the Concept 20 is best revealed when the loudspeakers are used in conjunction with the matching Concept 20 Speaker Stands which, to optimise performance, boasts a Gelcore™ layer in its top plate.

This is both visually striking and is resonance-free to optimise sonic performance. With the option of either lacquered gloss black, or lacquered gloss white, not only will they sound amazing, but will also look great.

Their versatile design means they are also at home on furniture, bookshelves or suitable wall brackets. Wherever you decide to place them, they will deliver an amazing experience that many of those with a higher price range struggle to reach.

Stand Specifications

Dimensions H/D/W mm: 655 x 240 x 386

Weight: 12kg

*When compared to a good conventional cabinet, radiated power (colouration) throughout the critical mid-band (voice frequencies) reduces by an average of more than -6dB. In the high and low frequencies the effect is even greater, with improvements in excess of -10dB.

Model currently available: Model Concept 20 Bookshelf loudspeaker.

As usual we will be offering the standard factory fitted as well as our locally upgraded version.

Model: Concept 20 consists of 2 different versions! One is the original that uses original factory mass market components, cable & acoustic materials which to our opinion sounded not too bad.

The 2nd or locally upgraded version uses USA or European made capacitors specially matched for us by our supplier, silver cable to the tweeters and PCOCC copper cable to the Bass drivers.

Lastly Cascade Engineering Acoustic Materials from the USA used to lower internal cabinet resonance. Our opinion for the upgraded version is simply AWESOME or WOW!

Model: Concept 20 Usual Price@ \$750.00/pair.

Color: Piano White or Black.

Promo Price: \$699.00/pair-standard Version from factory

Promo Price: \$1699.00/pair-upgraded version uses USA or European hand made capacitors specially matched for us by our suppliers, silver speaker cables to tweeter.

PCOCC copper cables to Bass unit.

Internal Cabinet improved with Cascade Acoustic Damping materials to improve overall sound quality. Audition them today! With all the above upgrades, you will be surprise when you audition it. Come on down with your CDs and be mesmerise by the sound you can obtained from a pair of extremely affordable bookshelf speaker. Remarks: Other upgrade options available too. Please enquire. Matching Concept 20 speaker stands available now. Usual Price@ \$650.00/pair. Promo Price@ \$599.00/pair.
