Quadral Pico Ribbon Bookshelf Speaker

SGD\$1 700.00 SGD\$1 599.00
You Save: SGD\$101.00

PICO Type: 2-way Design principle: bass reflex Nominal/music power (W): 60/100 W Frequency response (Hz): 44...65.000 Hz Crossover frequency (Hz): 3.500 Hz Efficiency (dB/1W/1m): 86 dB Impedance (Ohm): 4...8 Tweeter: ribbon Woofer: 135 mm $\tilde{\sim}$ ALTIMA[®] Cabinet size (h*w*d): 336x194x263,5 mm Weight: 8,15 kg Warranty: 1st year free parts and service, 2nd year free service only. 3rd year free service only. A compact loudspeaker with a whole lot of class. An elegant real-wood finish on the outside and finest-quality technology inside. The woofer is equipped with quadral's proven ALTIMA[®] diaphragm, and the tweeter with the newly developed, nimble ribbon tweeter. The sensitive sonic picture generated by the PICO is a treat for even the most discerning ear, while its sophisticated crossover network ensures optimum cooperation with amplifiers, and guarantees excellent tonal balance and high-precision sonic colouring. And its use of the bass reflex principle means that this little masterpiece is even able to impress in terms of dynamic bass response. PICO stands for sheer listening pleasure yet takes up little space.

Free 2.5M pair PCOCC+ speaker cable valued@ \$399.00/pair with every purchased.
